

Concrete Hopper

Concrete Hopper - This particular accessory is a self-dumping hopper that automatically starts to unload whenever bumper release contacts the side of a dumpster. After dumping is done, the hopper goes back to an upright and locked position. This piece of machinery likewise comes together with a cable which allows operation from the seat of the lift truck in order to have the option of manually unloading the hopper. There is a locking chain provided to be able to lock the hopper to the fork truck. This particular product is made with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper also has a blue powder coat finish so as to maintain durability.
