

Rockwell Parts

Rockwell Parts - The company of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for technology, delivery, quality and service. They believe in working within an atmosphere which encourages the utmost integrity with empowered teamwork, together with a unremitting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of ecological safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whichever comments or questions, because they are glad to promote and share this policy with a greater knowledge of their efforts. They are extremely committed to preserving and improving the surroundings. AxleTech has an EHS program which not just protects the environment but which likewise actively protects their employees and neighbors as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles used for both commercial and military applications. These applications range from construction equipment to airport ground support. AxleTech particularly designs axles to be able to meet specific application demands. They have more than 1000 different axle specs in their current offering. With over 100+ years of history and skill, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The company is well known in numerous commercial and military applications. They offer complete axle assemblies for aftermarket replacement needs, together with servicing axle requirements for OE production. Their high mobility ISAS have further details which could be found in the "ISAS" product selection.
